Jacqueline and Sophie,

Thank you for granting Waxman's extension request. I will be in touch with you directly if I have any additional questions regarding EPA's request.

Best,

Reed

Subject: RE: Waxman Information Request

Reed – Thank you for taking time this morning to talk with me about your request, on Waxman's behalf, for an extension of time to respond to EPA's April 8, 2021 request for additional information as an extension of the Ohio Department of Agriculture's (ODA) November 2020 inspection of Waxman. I have confirmed with Anna that the below extensions of time for Waxman to respond to the April 8th request are acceptable:

- 45 days from today to provide all requested receiving, sales and distribution records
- 45 days from today to provide requested documentation on Waxman's national recall of 'Kleen Freak Disinfecting Wipes'
- 60 days from today to provide all other information requested and any additional information the company would like to provide to EPA

I am copying Sophie Grueterich to this communication, as Sophie has joined me as co-counsel on this matter. Please feel free to reach out with any questions or follow-up discussion. -Jacquie

Sincerely,

Jacqueline Clark

Subject: RE: Waxman Information Request

Dear Ms. Nguyen,

I am writing to you on behalf of my client Waxman with respect to the US EPA information request it received on April 8, 2021 via email. The information request seeks “copies of receiving, sales and distribution records related to ‘Kleen Freak Disinfecting Wipes,’ from November 1, 2019 to November 30, 2020.” A subsequent email from you dated May 12, 2021 indicates that the deadline for responding to the information request is May 19, 2021. The email serves as Waxman’s formal request for a 90-day extension to properly respond to US EPA’s information request.

A 90-day extension is appropriate in this case. Benesch was recently retained to represent Waxman with regards to the information request. Counsel requires additional time to review the request and establish appropriate procedures to ensure that the information provided adequately responds to the request and that all confidential business information (CBI) is properly managed. Counsel also seeks clarification as to the best format to submit this information to US EPA. Finally, the 90-day extension is warranted because Waxman is still in a work-from-home environment due to COVID-19. The records, which are located offsite, must be identified, transported back to the facility and reviewed before the information can be turned over to US EPA. Waxman estimates that it needs an additional 90 days to complete this work.

Please confirm whether US EPA is agreeable to Waxman’s request for a 90-day extension.

Sincerely,

Reed

Hi Anna,

My name is Reed Sirak. I left you a voicemail earlier today. I would like to speak to briefly about the information request that you sent to John Holzheimer on April 8, 2021. I have a couple questions regarding your request. Please give me a call at your earliest convenience. The best number to call is 614-264-1532.

Thank you,

Reed
